WORK EXPERIENCE

Brakes India Private Ltd Chennai, Padi 2021-2023
Manufacturing (Tmc Assembly Line)

- Assembled internal components of the Tandem Master Cylinder—pistons, springs, seals, and housing—with precision alignment as per SOP. Conducted functional and leak tests to ensure proper fluid pressure and vacuum sealing. Verified smooth brake pedal force transmission and dual circuit performance.

PROJECTS

- **Problem Statement:** Manual hall reservations lead to scheduling conflicts and inefficient management.
Short Description: A MERN-based **Hall Reservation System** for seamless booking, real-time availability, approvals, transparency, and efficient academic event management.
- **Problem Statement:** Simplifying daily meals for hostel and PG students with affordable, hygienic, and timely food delivery.
Short Description: A mobile- **food ordering app** designed for hostel/PG students to browse, order, and track affordable meals from nearby kitchens with ease.It ensures timely delivery, student pricing, and a simple interface for quick daily use.
- **Problem Statement:** Finding a natural, affordable, and preservative-free supplement for daily strength and wellness is a challenge for many.
Short Description: A 100% **Natural Red Banana Powder**, rich in nutrients and potassium, crafted to boost strength and health — easy to mix with milk, water, or smoothies.
